Subject: Expiry of ISO certification

Dear Sir/Madam,

Please refer our earlier letter dated 24.10.2022,24.11.2022.

Since you have failed to complete recertification audit before expiry of certification, Your ISO certificate has expired from Dt. 24.12.2022.

Your organization was certified for ISO 9001 and the certification details as per our records are as below:

- Certificate no.: 1461 Validity: From Dt. 25.01.2017 To 24.01.2023

In case you have already applied or recertification process has initiated by AITF then AITF can restore certification within 6 months provided that the outstanding recertification activities are completed, otherwise at least a stage 2 shall be conducted. If this is not the case then your organization needs to apply for new certification.

You are required to restrain from using the logos of certification on any of your promotional material, website, stationary etc.

Please contact us in case you need any clarification.

Thanks & regards,

Certification Manager
(AITF Management Certification Ltd.)
